9 Wallace St
Belmont 6104

Date: 1 JUL 2011	
Authorised by:	
Tenant Involved:	
Workorder completed:	

Attn: Wendy

Work required at the front

- 1) grass amongst woodchip need removing and spraying.
- 2) Whippersnipping grass growing on elevated area outside front door and levelling of this area
- 3) Mow, edge and whippersnip front verge, and any other weeds located in the front yard along fencelines

Work required at the back

- 1) whippersnipping up driveway
- 2) whippersnipping paved area at back and remove debris from patio area (rubbish from barbecue etc)
- 3) tidy side area of house – remove dead plants, whippersnip weeds and remove any items of rubbish as required. Any items that do not appear to be rubbish ie. Metal signs etc. will be stored neatly at the back of the shed.
- 4) Whippersnip back yard area, removing any rubbish as required, levelling back area as much as is possible.
- 5) Removal of dead plant stalks along back driveway and removal of the same.
- 6) Whippersnipping around all fencelines and all grass areas. Raking these areas and removal of plant materials. As the back yard is so uneven, whippersnipping will need to be undertaken as moving is not feasible.

The cost of all work for the abovementioned job is \$250.00 (inclusive of GST) and is inclusive of removal of all rubbish and green waste matter.
